# HEAT-SEALABLE

Paper Packaging

Our Recyclable Paper Packaging ensures a long shelf-life for your food product due to its oxygen and aroma barriers. It has very good heat-seal ability and is particularly suitable for a bag packaging format and a great alternative to film packaging made from PE and PP.

## 100% FREE FROM

- ✓ Plastic films
- ✓ Aluminium
- ✓ Extruded polymers
- ✓ Varnishes or laminates
- ✓ Fluorocarbons
