

Pouches & Bags

CREATING VALUE THROUGH CONVENIENCE

Creating Value Through Convenience

From confectionery & snacks to pet treats, Stand Up Pouches and Gusseted Bags offer an eye catching, versatile & cost-effective way to promote your products. Our bags and pouches can help to improve your brands shelf presence & brand perception while reducing packaging costs and weight while maximising shelf space with its compact flexible design.

Extended Shelf-Life

Enhances product freshness with air-tight seals and barrier properties

Versatility

Suitable for various products – food, liquids, powders and more

Sustainability

Eco-friendly with reduced material usage and recyclable options

Consumer Convenience

Easy to open, reseal, and store, making it consumer-friendly

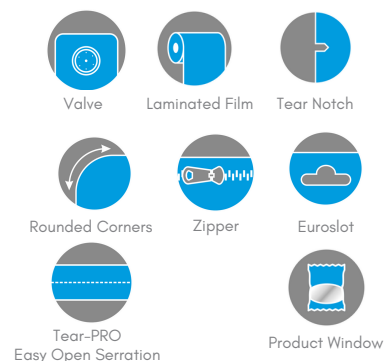

Pouches & Gusseted Bags

Available with Valve

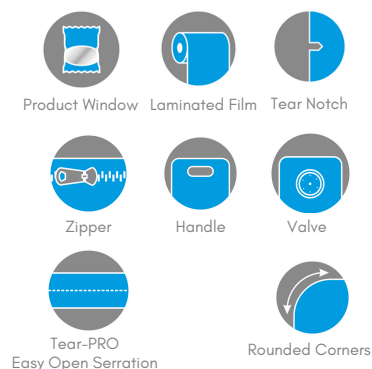

STAND UP POUCH

Designed with a bottom gusset, allowing the pouch to stand upright on shelves for better visibility. Commonly used due to their durability and resealable options.

GUSSETED BAG

Expandable sides or bottoms, allowing them to accommodate bulkier items and stand upright when filled. Commonly used for packaging food, coffee, pet products, and other goods requiring extra storage space.

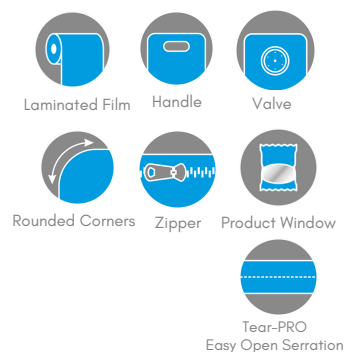

Available with Valve

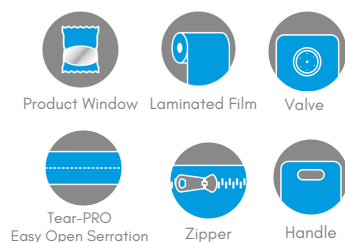

GUSSETED BAG WITH VALVE

A coffee valve preserve the freshness of coffee by allowing gases to escape without letting air in, ensuring optimal flavor retention. Gussets provide extra space for bulky coffee beans.

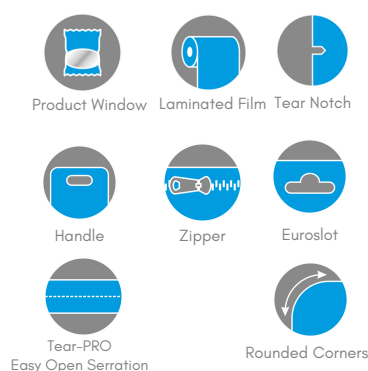

BLOCK BOTTOM BAG

Flat, rectangular base that allows them to stand upright securely, offering excellent shelf stability. This design maximizes storage space combining the benefits of a box and a bag.

3 SIDE SEAL POUCH

Typically sealed on the bottom, and 2 sides, making them ideal for lightweight products. Widely used for snacks, candies, and small consumer goods due to their simple design and cost-effectiveness.
